Forward - looking statements

We have taken the utmost care in preparing this report, which may contain forecasts or information pertaining to forecasts. Forecasts are typically based on facts, expectations, and past data. However, it is important to note that actual results may differ from the forecasted ones, as is the case with all forward-looking statements. Therefore, we cannot guarantee the accuracy, completeness, and currency of the information provided in our forward-looking statements, including those sourced from third parties. Readers are advised to exercise their own discretion. We are not obligated to publicly update any forward-looking statements, whether due to new information, future events, or any other reasons.

We have always believed that progress begins with the ability to learn, adapt and turn knowledge into action.

Since our beginnings in 1998, this belief has shaped our journey from a training services provider into a global professional services organisation spanning learning, technology and workforce solutions.

As technology has evolved, so have we. We have expanded our capabilities, entered new markets, built technology platforms and forged partnerships that have enabled us to respond to changing business needs. Today, another defining shift is underway.

AI is changing how organisations work, how people build skills and how businesses create value.

For us, this is a natural next step in the journey. Our learning expertise helps people develop the capabilities to work with new technologies. Our technology services turn digital possibilities into practical solutions. Our workforce expertise connects organisations with the talent needed to bring transformation to life.

This is how we see

Building the Digital Future:

not as a distant destination, but as a future taking shape through every capability we build, every solution we create and every client we help move forward.

By leading the AI shift, we are turning the possibilities of tomorrow into the capabilities of today.

# Building What Comes Next

Over more than two decades, we have evolved from a training services provider into a global professional services organisation, serving clients in India, the Gulf region, the US and other international markets. Today, we bring together Learning Solutions, Technology Services and Manpower and Staffing, allowing us to respond to changing needs in skills, technology and workforce management.

Our offerings span Technical and Business Training, IT Development and Software Solutions, Foreign Language Services, Digital Learning, Recruitment and Workforce Solutions, and Consulting. We combine professional training and certifications with digital transformation, cybersecurity, application development, managed services and talent solutions, supported by technology platforms and deep domain expertise.

Our work cuts across industries and business needs, connecting learning, technology and workforce expertise to help organisations build capability and respond to change. We have worked with more than 5,000 organisations globally, including Fortune 500 companies. With a growing international presence, we bring our expertise closer to clients across diverse markets, sectors and operating environments.

## Mission

To contribute significantly to the success of our client's business by offering cost effective and quality services that would result in Customer Delight.

## Vision

To be a leading and progressive global partner in the journey towards knowledge and growth.

## Our Journey

# From Learning to Leading the Shift

We began in 1998 as a training services provider. Since then, we have broadened our capabilities, expanded into new markets and built a wider portfolio to address changing client needs. Our evolution has been shaped by strategic partnerships and investments in technology, learning and workforce solutions, enabling us to respond to emerging opportunities and deepen our expertise.

Each phase of our journey has added a new dimension to our business, from entering new geographies to expanding the breadth and depth of our offerings. Today, our journey reflects an organisation that has grown with the market, adapted to its changing demands and built the capabilities to serve clients across diverse business environments.

## Geographic Presence

# Taking Digital Further, Everywhere

Our international footprint spans key markets in India, the Middle East, North America and beyond, positioning us close to important business and technology hubs. Our offices bring us closer to clients, enabling us to respond with greater speed, local insight and market understanding.

This network gives us the reach to serve diverse requirements while drawing on knowledge and expertise from different markets. By combining local presence with our broader capabilities, we can support clients across established and emerging markets with consistency and relevance.

Our cloud strategy also matured through expanded SaaS offerings based on scalable, multi-tenant architectures. These solutions enable faster deployment, continuous feature delivery and improved scalability while supporting lower infrastructure requirements.

”

## Dear Stakeholders,

The digital world is entering a new phase. Artificial intelligence is moving from experimentation to execution, reshaping how businesses operate, serve customers and create value. For us, this shift is bigger than adopting a new technology. It is about rethinking how technology can solve real business problems, sharpen decisions and open new possibilities. This is the direction behind our theme, ‘Building the Digital Future, Leading the AI Shift’.

FY2025-26 brought this transition into sharper focus. Artificial intelligence, cloud, automation and analytics moved deeper into enterprise environments, while business increasingly looked beyond digital enablement towards intelligent, AI-led operating models. The opportunity is clear: organisations that combine technology with domain expertise can unlock greater productivity, stronger customer engagement and more responsive ways of working.

At Vinsys, we see this evolution as a natural extension of the capabilities we have developed in technology services, digital learning, SaaS solutions and cybersecurity. The market is moving away from isolated technology deployments towards connected solutions that address broader business needs. This is creating opportunities to deepen customer relationships, improve retention and expand the role of recurring technology solutions.

Our focus is therefore on bringing together the right platforms, capabilities and expertise to help customers translate technology investments into tangible outcomes.

## Leading the AI Shift

Several technology developments are accelerating this transformation. Domain-specific AI models are making solutions more relevant, accurate and suited to industry needs. Cloud-native and industry cloud platforms are improving scalability, security, interoperability and speed of deployment. Generative AI is finding its place within SaaS applications through intelligent search, content generation, recommendations, virtual assistants and workflow automation.

AI is changing software engineering as well. AI-assisted development, testing and deployment are helping teams move from idea to release faster, while creating more room for innovation. In digital learning, data-led personalisation is enabling adaptive learning paths, intelligent assessments, learner analytics and skills-based recommendations, making learning more relevant and outcomes more measurable.

## Evolving Our Technology Proposition

During the year, our product portfolio evolved significantly in response to enterprise demand for AI-enabled, cloud-native, on-premise and security-first digital solutions. We expanded our AI-driven learning ecosystem with Generative AI capabilities spanning personalised learning paths, intelligent content recommendations, automated assessments and AI-powered learning assistants.

Our cloud strategy also matured through expanded SaaS offerings based on scalable, multi-tenant architectures. These solutions enable faster deployment, continuous feature delivery and improved scalability while supporting lower infrastructure requirements.

Our portfolio of platforms, including VinBPM, VinHRMS, VinOCR and NuVin, reflects this progression. NuVin, our SaaS subscription-based digital platform, brings together API-first integration, multilingual support, analytics and AI-enabled automation for SME and legal firms.

Cybersecurity has also become an increasingly important part of our technology proposition. We have expanded our capabilities in AI governance, cloud security, application security, identity management and security-by-design. As enterprises adopt AI and cloud at greater speed, protecting workloads, applications, identities and data has become inseparable from digital transformation itself.

## Performance with Multiple Growth Levers

The evolving technology environment supported demand across our business during the year. Consolidated revenue stood at ₹268.37 crore, compared with ₹212 crore in FY2024-25. EBITDA was ₹42.53 crore, against ₹40 crore in the previous year, while Profit After Tax stood at ₹30.25 crore against ₹30 crore in FY2024-25.

Our integrated model across technology services, digital learning, training and resourcing provides us with multiple avenues to participate in the digital transformation journey. More importantly, the convergence of AI, cloud and cybersecurity is allowing us to engage with enterprises at a broader level, addressing their technology and workforce requirements together.

## Turning AI into Everyday Capability

Our next phase is about taking this momentum further. We will deepen Generative AI integration within our solutions, expand cloud-native SaaS architecture and strengthen data analytics and business intelligence capabilities API-first connectivity with enterprise platforms such as ERP, CRM, HRMS and LMS will be another priority, helping customers create more connected technology environments.

We see significant potential in AI agents and low-code/no-code technologies to automate business processes and simplify the way organisations work. At the same time, we will advance our capabilities in cybersecurity, identity management and compliance, while enhancing mobile-first and responsive user experiences.

India remains central to our growth strategy. Its expanding digital ecosystem and accelerating enterprise technology adoption create a strong home market for our capabilities. Our international presence complements this base, giving us access to diverse customer needs and enabling us to bring global technology expertise to the markets we serve.

## Creating Value Through Integration

Partnerships add another dimension to our proposition. By bringing together the capabilities of leading technology providers with our expertise in consulting, implementation, integration, localisation, managed services and training expertise, we can develop solutions that are relevant to specific industries and customer contexts.

The transition towards AI-enabled business platforms is still unfolding. Our expanding portfolio, technology ecosystem and integrated capabilities give us the platform to play a meaningful role in this transition. Our task now is to turn that opportunity into solutions that create measurable value for our customers and sustainable growth for Vinsys.

## Moving Forward with Purpose

I am grateful to our employees for the commitment and expertise they bring to Vinsys and to our customers, partners and shareholders for the confidence they place in us. Their trust gives meaning to our ambitions and strengthens our resolve to raise the bar.

We have a clear direction, a growing set of capabilities and an opportunity that is both significant and timely. As we build the digital future and lead the AI shift, we will stay focused on what matters most: creating technology that works harder for businesses, people and the possibilities ahead.

Warm regards,

**Vikrant Patil**

## International Director and Promoter Message

# Building Bridges to the Digital Future

We also strengthened our cybersecurity learning offerings, helping organisations build greater cyber awareness while addressing evolving regulatory and compliance expectations.

### Dear Stakeholders,

The most interesting shifts in technology are no longer happening at the edges of business. They are moving into the centre of how organisations learn, operate and grow. AI is changing how people work, cloud is reshaping how businesses scale and cybersecurity is becoming inseparable from trust. For Vinsys, this is the moment to bring these forces together and help customers build for what comes next.

FY2025-26 reflected this opportunity. Organisations increasingly looked for integrated solutions that could address technology adoption, workforce capability and evolving business needs together. This plays directly to our strengths across technology, digital learning, training and consulting, giving us a broader role in the transformation journeys of our customers.

### Learning for a Changing Workforce

Our Digital Learning portfolio gained momentum during the year through AI-enabled learning solutions, cloud-based LMS and LXP platforms and immersive experiences. We witnessed strong adoption of AI-powered role-play simulations, personalised learning journeys, intelligent content recommendations and SaaS-based learning platforms across government, healthcare, energy and enterprise sectors.

AI is also changing what organisations expect from learning. The question is no longer simply how content is

delivered, but whether learning can adapt to the individual, understand skills gaps and help people apply knowledge with greater confidence. Our investments in personalised experiences, intelligent assessments, learner analytics and skills-based recommendations are helping us respond to this shift.

We also strengthened our cybersecurity learning offerings, helping organisations build greater cyber awareness while addressing evolving regulatory and compliance expectations. A resilient organisation needs informed people as much as secure systems and we see an important role for learning in bringing the two together.

### Where Digital Meets Human Potential

The same principle is shaping our product portfolio. Customers want technology that connects processes rather than creating another layer of complexity. In response, we have advanced our SaaS offerings around cloud-native architectures, faster deployment, scalable integration and continuous feature delivery.

Solutions such as VinBPM, VinHRMS and VinOCR enable us to address business process, human resource and document management requirements through connected digital platforms. NuVin takes this proposition further, combining API-first integration, multilingual capabilities, analytics and AI-enabled automation to serve SME and legal firms.

Security is an equally important part of this proposition. Our cybersecurity portfolio now spans AI governance, cloud security, application security, identity management and security-by-design, helping organisations build resilience as their technology environments become more connected and complex.

### The Power of Partnerships

No technology company can create the future in isolation. The strength of our ecosystem comes from the expertise we bring together.

Our Digital Learning alliances with Skillsoft, PeopleFluent, goFLUENT and Invoice provide access to enterprise learning content, talent management solutions, business language learning and AI-powered learning and talent platforms.

We have also partnered with leading global technology and certification providers including AWS, Microsoft, SAP, IBM, Autodesk, Oracle, PMI and PeopleCert. These relationships expand our access to established technology platforms and specialised capabilities while complementing our consulting, implementation, system integration, custom eLearning, localisation and managed services expertise.

For us, the real value of this ecosystem lies in what we create with it. We can combine global technology with our domain understanding and local delivery expertise to develop solutions suited to sectors such as government, BFSI, manufacturing, telecom, energy and education. That is a meaningful differentiator from being a technology vendor with a single proposition.

### Deepening Enterprise Relationships

The market is increasingly moving towards integrated transformation programmes, where technology, skills, cybersecurity and business processes need to work together. This creates an opportunity to engage with customers more deeply and address a wider set of their needs.

Our breadth allows us to support customers at different points of their transformation journey, from learning and consulting to technology implementation, SaaS adoption and cybersecurity. It also gives us the ability to bring global platforms together with local requirements, industry context and delivery expertise.

India provides a strong base for this growth, supported by increasing digital adoption and investment in technology-enabled workforce development. Our presence in the

GCC, the United States and other international markets adds further avenues to take our capabilities to diverse customer environments.

### Turning the Next Wave into Opportunity

The next phase of our journey will centre on AI-enabled learning solutions, cloud-native SaaS and advanced cybersecurity. We will deepen our technology partnerships while strengthening analytics, automation and API-first integrations across our platforms.

We believe the defining question for digital transformation is becoming simpler: how well can an organisation connect its technology with its people and processes? This is where we see Vinsys having a distinctive role to play. Our technology ecosystem, domain expertise and integrated service portfolio give us the breadth to address this convergence with practical, customer-focused solutions.

We are still at an early stage of what AI and connected technologies can make possible. That gives us both an exciting opportunity and a clear responsibility: to turn emerging possibilities into solutions that customers can use, scale and trust.

### Building with Our Stakeholders

We would like to thank our employees for the expertise and energy they bring to our work and our customers, partners and shareholders for the confidence they place in us.

As we build the digital future and lead the AI shift, our ambition is to create greater value through stronger capabilities, deeper relationships and technology that makes a meaningful difference to the businesses we serve.

Sincerely,

**Kunal Patil**

## Growth Strategy

# Extending the Digital Frontier

We are shaping our growth around four priorities: deepening our presence in high-potential markets, building technology-led offerings, developing strategic partnerships and increasing meaningful engagement with our brand. As demand grows for AI, IT services, digital learning and workforce solutions, we are directing our resources towards areas where our expertise can address emerging client needs and open new avenues for growth.

### Deepening Our GCC Presence

We are building our presence in the GCC, with a focus on Saudi Arabia, the UAE, Qatar and Oman. We are also evaluating opportunities across Africa, Europe and North America. Our expansion is guided by a partnership-led, asset-light approach, giving us the flexibility to respond to market demand while developing the relationships and capabilities needed to serve each market effectively.

### Expanding Through Strategic Partnerships

We are broadening our technology ecosystem through partnerships with organisations such as SAP, VegaCap, Axionic, NooriX and QDex. These collaborations expand our capabilities across enterprise learning, AI, cloud, cybersecurity and digital transformation while creating opportunities to serve evolving customer requirements.

### Strengthening Brand and Market Engagement

We are increasing our visibility through industry conferences, exhibitions, leadership forums and integrated digital campaigns in domestic and international markets. Our participation in India, the UAE, Saudi Arabia, Qatar, Oman, Nigeria and other strategic markets enables direct engagement with customers, partners, government institutions and industry stakeholders. These interactions strengthen market awareness, deepen relationships and help identify new avenues for business.

### Diversifying Technology and Service Offerings

We are widening our portfolio in AI, enterprise technology, cybersecurity, cloud, digital learning and workforce transformation. Alongside our service offerings, thought leadership initiatives such as webinars on emerging technologies and business transformation create forums for meaningful engagement with technology professionals, enterprise leaders and decision-makers

## Risk Management

# Safeguarding the Path Ahead

As we operate across learning, technology and workforce solutions and expand serve clients in international markets, we assess the risks that could affect our operations, financial performance and ability to deliver on our objectives. Our approach centres on early identification, structured assessment and proportionate mitigation, helping us respond to emerging exposures while protecting business continuity.

We review key risks in the context of our operating environment, business priorities and evolving market conditions. The principal risks identified during FY2025–26 and the corresponding mitigation measures are outlined below.

### Risk Governance

Risk management is embedded within our broader governance and internal control structure. Our internal controls are designed in line with the principles of our corporate governance framework, with relevant functions contributing to risk identification, assessment and monitoring.

The Board provides strategic oversight, while the Executive Directors, management and supporting committees review key exposures, assess the effectiveness of controls and oversee mitigation measures. This structure establishes clear accountability for managing risks and supports informed decision-making across the organisation.

### Macroeconomic Risk

**Risk Assessment**  
Changes in interest rates, inflationary pressures and fiscal or monetary policies may affect operating performance, profitability and business growth.

#### Risk Mitigation

We diversify our revenue streams, exercise disciplined cost management measures and undertake scenario planning to strengthen business resilience.

### Foreign Exchange Risk

**Risk Assessment**  
Fluctuations in foreign currency exchange rates may impact margins and financial performance arising from our international operations.

#### Risk Mitigation

We monitor foreign currency exposures and use natural hedging by aligning foreign currency inflows with corresponding outflows, supported by appropriate pricing mechanisms and multi-currency transactions.

### Competitive Risk

**Risk Assessment**  
Intense competition within the industry may place pressure on pricing, market share and our ability to sustain service differentiation.

#### Risk Mitigation

We invest in research and development, strengthen our brand and build strategic partnerships that extend our capabilities and help us deliver distinctive value to clients.

### Technology Risk

**Risk Assessment**  
Rapid technological developments and cybersecurity threats may affect operational continuity, platform reliability and our ability to keep pace with evolving technology.

#### Risk Mitigation

We invest in digital technologies, strengthen cybersecurity infrastructure through regular assessments and continuously upskill our workforce to respond to emerging technologies.

### Customer Concentration Risk

**Risk Assessment**  
Reliance on a limited number of key customers may expose us to revenue and profitability pressures if business volumes decline or customers are lost.

#### Risk Mitigation

We deepen customer relationships through robust customer relationship management (CRM) practices, broaden our client portfolio and uphold service quality to support retention and reduce concentration.

### Regulatory and Compliance Risk

**Risk Assessment**  
Changes in statutory, legal and regulatory requirements may increase compliance obligations and affect business operations if not addressed effectively.

#### Risk Mitigation

We review our compliance framework regularly, engage legal advisors where required and strengthen our processes to respond promptly to changes in applicable requirements.

### Liquidity and Credit Risk

**Risk Assessment**  
Delays in customer collections or payment defaults may affect cash flows, working capital and financial liquidity.

#### Risk Mitigation

We apply credit evaluation processes, monitor receivables closely, set appropriate payment terms and maintain adequate liquidity buffers to support financial flexibility.

## Our People

# The Human Force Behind the Digital Shift

Our people shape how we serve clients and grow our business. In FY 2025–26, we strengthened talent in key areas including technology, consulting, digital learning, sales, customer success and corporate functions, aligned with our business priorities and international growth plans.

Our people agenda focuses on attracting talent, building skills, developing leaders, promoting inclusion and recognising performance. Through these efforts, we are building a capable, engaged workforce ready to respond to changing client and business needs.

### Building a Future Ready Workforce

We build our talent pipeline through campus partnerships, digital recruitment, employee referrals and specialised hiring in emerging technologies and global business functions. Our Diversity, Equity and Inclusion framework promotes equal opportunity from recruitment and onboarding through career development.

As our international presence grows, we are creating opportunities for internal mobility, cross-functional exposure and global collaboration, enabling employees to develop broader capabilities and contribute across markets.

### Learning at Every Stage

Learning is integral to how we build capability. During the year, employees participated in technical certifications, functional programmes, leadership development, behavioural training, compliance learning and customer-focused initiatives.

Our learning roadmap spans Artificial Intelligence, Generative AI, Data Analytics, Cloud Computing, Cybersecurity, Digital Transformation, Automation Technologies, Agile Delivery, Product Management, Customer Success, Business Consulting and Innovation Management. Through instructor-led programmes, digital learning platforms, certifications and cross-functional learning, we are strengthening technical and professional capabilities across employee groups.

### Preparing the Next Generation of Leaders

We identify and develop future leaders through talent reviews, performance assessments, competency evaluations and succession planning. High-potential employees gain exposure through leadership programmes, strategic assignments,

mentoring, coaching and cross-functional roles.

Our leadership programmes focus on strategic thinking, emotional intelligence, stakeholder management, communication, coaching, cross-cultural collaboration and change management. Succession planning also covers critical roles and leadership readiness to support business continuity and organisational resilience.

### Recognising Talent and Milestones

We recognise contributions through structured performance awards, project excellence awards, innovation recognition, long service milestones, customer appreciation and peer recognition.

Our approach to retention also emphasises career opportunities, learning, transparent communication, inclusive leadership and employee well-being.

### Well-being Beyond Work

We promote well-being through wellness initiatives, learning events, cultural celebrations, sports and team-building activities. These programmes create opportunities to connect beyond day-to-day responsibilities while supporting a balanced employee experience.

### Cultural and Creative Engagement

Cultural celebrations and creative engagement programmes give employees opportunities to share their interests, celebrate diverse traditions and connect with colleagues across teams and locations. These experiences add vibrancy to the workplace and strengthen a sense of belonging.

### Extending Our Social Footprint

Our people initiatives also extend beyond the workplace through social and community-focused programmes. We support initiatives that contribute to health and social well-being, while encouraging employees to participate in activities that create a wider social impact.

### An Inclusive Place to Grow

We aim to create a workplace where people can learn, contribute and progress. Inclusive practices, career development, engagement, well-being and recognition form the foundation of this environment.

As our business grows in India and international markets, we are focused on building a diverse, capable and agile workforce equipped to support changing client needs and new avenues of growth.

## Community Welfare

# Creating Opportunity Beyond Business

Our CSR initiatives focus on creating meaningful opportunities and supporting the well-being of communities. Through partnerships with local organisations and targeted interventions, we contribute to education, healthcare and social development, with a focus on areas where our efforts can create lasting value.

## Mission

Empowering communities through education, healthcare and sustainable development.

## Vision

Building a society with equal opportunities for all.

**Rs. 32,86,297**

Invested in CSR initiatives

## Education and Student Development

Education remained a key area of our CSR engagement during the year. Through the School Development Project, we supported improvements in educational facilities, learning resources and the overall learning environment.

Going forward, we plan to expand our school development programmes

and explore opportunities for employee volunteering, professional mentoring and knowledge sharing. These initiatives will enable our employees to contribute their skills and experience to students and underserved communities.

## Preserving Cultural Heritage

We supported the Marathi Sahitya Parishad to promote Marathi language and literature and preserve Maharashtra's cultural traditions. This initiative reflects the importance we place on supporting institutions that contribute to regional language and cultural heritage.

## Focus Areas for Future CSR Engagement

We are evaluating opportunities to broaden our CSR initiatives across areas aligned with community needs and our CSR priorities. These include:

### Women empowerment

Digital literacy, skill development, employability and entrepreneurship

### Rural development

Educational support, essential facilities, livelihood opportunities and need-based assistance

### Healthcare and sanitation

Preventive healthcare, hygiene awareness, sanitation and access to basic medical support

### Environmental sustainability

Energy conservation, waste reduction, recycling, tree plantation and responsible resource use

### Sports development

Programmes supporting physical well-being, confidence, discipline and teamwork among young people

## Annual Report on Corporate Social Responsibility

(Pursuant to Clause (o) of Sub-Section 3 of Section 135 of the Companies Act, 2013, Section 135 read with the Companies (Corporate Social Responsibility Policy) Rules, 2014, as amended)

### 1. A brief outline of the Company's Corporate Social Responsibility (CSR) Policy, including an overview of the projects or programmes proposed to be undertaken and a reference to the web-link to the CSR Policy and projects and programmes:

The main object of the CSR Policy of the Company encompasses the ideas of corporate governance, sustainable wealth creation, corporate philanthropy and advocacy for the goals of the community. The projects undertaken will be within the broad framework of Schedule VII of the Companies Act, 2013, (the Act). Our CSR initiatives focus on CSR projects as provided under Schedule VII of the Act. The Company has framed its CSR Policy in compliance with the provisions of the Act and the same is placed on the Company's website and may be accessed at [https://www.vinsys.com/static/media/Corporate\\_Social\\_Responsibility\\_Policy.pdf](https://www.vinsys.com/static/media/Corporate_Social_Responsibility_Policy.pdf).

### 2. The composition of CSR Committee as on 31 March 2026:

As per Section 135 (9) of the Companies Act, 2013, where the amount to be spent by a company under Sub-Section (5) does not exceed fifty lakh rupees, the requirement under Sub-Section (1) for the constitution of the CSR Committee shall not be applicable and the functions of such Committee provided under this section shall, in such cases, be discharged by the Board of Directors of such company. Therefore, the Company doesn't require the constitution of a CSR Committee and functions with respect to CSR are being discharged by the Board of Directors.

### 3. Provide the web link where the composition of the CSR Committee, CSR Policy and CSR projects approved by the Board on the website of the Company: [www.vinsys.com](http://www.vinsys.com).

# Management Discussion and Analysis

### Economic Overview

#### Global Economy<sup>1</sup>

The global economy demonstrated resilience throughout CY 2025, maintaining an estimated growth rate of 3.5%. This performance continued despite trade barriers, policy uncertainty and rising geopolitical tensions. Growth was driven by strong investments in Artificial Intelligence (AI), continuous infrastructure modernisation and corporate initiatives aimed at productivity enhancement.

Organisations' shifted their AI strategies from broad-purpose large language models (LLMs) toward smaller, specialised precision models. They also adopted autonomous AI agents capable of executing complex workflows with limited human intervention. This transition accelerated demand for enterprise infrastructure, driving investments in high-density, liquid-cooled data centres, specialised AI chips and hybrid cloud architectures. These platforms were optimised for intensive inference workloads.

Technological advancement also prioritised system reliability and operational security. Enterprises increasingly adopted real-time AI observability platforms, automated governance frameworks and advanced cyber-defence protocols. These measures aimed to mitigate algorithmic risks and protect critical enterprise data pipelines. Economic activity across major regions also benefited from coordinated fiscal and monetary easing, accommodative financial conditions and a weaker US dollar.

Despite overall stability, global macroeconomic conditions remained exposed to external shocks. Escalating geopolitical tensions in West Asia presented significant headwinds. These tensions increased energy market volatility and complicated inflation outlooks and financial conditions. Emerging Market and Developing Economies (EMDEs) with high commodity import dependence faced greater exposure to supply disruptions and oil price fluctuations.

However, EMDEs generally outperformed Advanced Economies. Growth in Advanced Economies remained constrained by elevated interest rates and cautious consumer sentiment. EMDE performance was supported by resilient domestic demand, expanding manufacturing capacity and sustained public infrastructure investment.

### Outlook

Global economic growth is projected to moderate to 3.0% in CY 2026 before recovering to 3.4% in CY 2027. This outlook reflects continued geopolitical tensions, persistent inflationary pressures and evolving global trade dynamics. Headline inflation is expected to tick up to 4.7% in CY 2026 before easing to 3.9% in CY 2027.

Near-term economic predictability visibility remains constrained by conflicts in West Asia and related energy market volatility. However, policy measures and productivity improvements are expected to support gradual stabilisation over the medium term.

Emerging markets are expected to remain the prime contributor to global expansion. This momentum will be supported by domestic consumption, public infrastructure investment and targeted investments in technology and manufacturing. Long-term productivity and economic resilience are further expected to benefit from accelerating capital allocation toward Artificial Intelligence (AI), digital infrastructure and structural reforms.

Key downside risks remain, including prolonged geopolitical instability, escalating trade disputes, commodity price fluctuations and tighter financial conditions. In response, central banks and fiscal authorities worldwide are expected to prioritise inflation management, fiscal discipline and structural stability. These measures will help navigate an increasingly uncertain global environment.

## Indian Economy<sup>2</sup>

India demonstrated exceptional macroeconomic resilience during FY 2025-26, reinforcing its position as one of the world's fastest-growing major economies. Real GDP growth is estimated at 7.7%, compared with 7.1% in FY 2024-25<sup>3</sup>.

Growth was driven by a recovery in rural consumption, stable agricultural performance and manufacturing momentum supported by Production Linked Incentive (PLI) schemes. The Financial, Real Estate, IT and Professional Services sector, remained a key contributor, expanded by 9.9%. This growth was aided by widespread enterprise technology adoption and digital transformation.

Improved economic activity strengthened real purchasing power across urban and rural markets. The Union Budget FY 2026-27 reflects an 11.5% increase in total effective spending, inclusive of state transfers. These highlights continued public commitment toward infrastructure expansion and strategic asset creation.

Sustained public investment is expected to provide medium-term growth opportunities for the defence and capital goods sectors. However, cost pressures and supply chain stability remain exposed to external risks, including higher energy prices and geopolitical tensions in West Asia.

India's economic outlook remains positive, supported by strong domestic fundamentals, continued infrastructure investment and consistent policy support. Real GDP growth for FY 2026-27 is projected at approximately 6.6%, driven by domestic demand, rural recovery and sustained public capital expenditure.

Private consumption is expected to remain resilient, supported by stable inflation, rising incomes and favourable fiscal measures. Investment activity is likely to maintain momentum, aided by high-capacity utilisation, healthy credit growth and ongoing infrastructure development.

Continued capital allocation toward digital infrastructure, data ecosystems and technology under the Union Budget 2026-27 further strengthens long-term growth prospects. Externally, developments such as the India-EU Free Trade Agreement and ongoing trade discussions with the US represent important shifts in India's trade landscape.

## Industry Overview

### Global IT Industry<sup>4</sup>

In CY 2025, the global IT services market reached an estimated value of USD 1.6 trillion. Growth was aided by sustained enterprise investments in digital infrastructure and operational modernisation. North America maintained its market leadership position, accounting for 35.0% of global market revenue.

Operations and maintenance remained the largest service segment, contributing over 64% of market revenue. Growth reflected increasing migration to scalable cloud environments and greater use of automation. Reactive IT services accounted for more than 51.0% of market revenue. Organisations prioritised rapid incident response to minimise downtime across increasingly complex hybrid environments.

The market was shaped by widespread cloud adoption, expanding artificial intelligence (AI) integration and growing demand from small and medium enterprises. Enterprises accelerated the deployment of AI-native platforms and autonomous workflow orchestration systems to improve operational efficiency. Cloud strategies also matured as organisations adopted multi-cloud, hybrid and sovereign cloud architectures. These investments supported data-intensive workloads while addressing evolving regional data governance requirements.

<sup>3</sup>MoSPI Provisional Estimates

<sup>4</sup><https://www.grandviewresearch.com/industry-analysis/it-services-market-report>

The global IT services market is projected to reach USD 1.8 trillion in CY 2026. Growth will be driven by the transition from reactive maintenance to predictive IT services and cloud-native platforms. Enterprise digital transformation and accelerated cloud adoption will remain key growth drivers.

Demand for managed cybersecurity services is expected to increase as cyber threats become more sophisticated. Greater adoption of AI, machine learning and the Internet of Things (IoT) will further expand service demand. Market growth will also benefit from rising technology adoption across industries, particularly retail and continued infrastructure investment across the Asia Pacific region.

### Indian IT industry<sup>5</sup>

The Indian IT industry recorded steady growth, driven by digital transformation and increasing cloud adoption. Cloud-based deployment models accounted for 62.7% of total market demand. Large enterprises contributed 68.4% of industry revenue through multi-year digital transformation programmes.

South India retained its leadership position with a 42.6% share. Established technology hubs in Bengaluru, Hyderabad and Chennai continued to drive industry growth. The expansion of Global Capability Centres (GCCs), integration of Generative AI into software development and rising demand for managed cybersecurity services further strengthened market momentum.

The industry is evolving beyond cloud migration toward multi-cloud management, automation and platform engineering. National infrastructure initiatives, implementation of the Digital Personal Data Protection (DPDP) Act and sustained technology investments will continue to support growth.

The Banking, Financial Services and Insurance (BFSI), telecommunications, manufacturing, retail and healthcare sectors are expected to remain the primary demand drivers. Small and medium enterprises (SMEs) are also

expected to become the fastest-growing customer segment through increasing adoption of subscription-based software solutions.

### Growth Drivers

#### Build-out of AI Data Centres

The rapid expansion of AI workloads is increasing demand for advanced data centre infrastructure. Rising compute and storage requirements are driving investments by hyperscalers and infrastructure providers. This trend creates growth opportunities for equipment manufacturers and technology vendors.

#### Accelerated Shift to Cloud Infrastructure

Organisations continue migrating to cloud platforms to improve scalability and flexibility. This transition supports AI adoption and increases demand for cloud infrastructure services. Cloud providers also benefit from expanding recurring enterprise revenues.

#### Spending on High-Value Technology

Enterprises are prioritising investments in AI, cloud and advanced digital technologies. These investments accelerate technology modernisation and improve operational efficiency. They also create opportunities for providers of AI-enabled products and services.

#### Agentic Cybersecurity Optimisation

Organisations are deploying autonomous AI capabilities to strengthen cybersecurity operations. These solutions improve threat detection, prevention and response across enterprise environments. Growing adoption is increasing demand for intelligent cybersecurity platforms.

#### Agentic AI Adoption

Enterprises are integrating AI agents into business applications to automate routine tasks. AI agents also streamline complex workflows and improve operational productivity. Rising adoption is driving demand for AI-native software platforms and services.

## Global BPM Industry<sup>6</sup>

The global Business Process Management (BPM) market reached USD 21.51 billion in CY 2025. Growth was driven by enterprise investments in workflow automation and digital process standardisation. North America led the market with a 43.2% share, supported by early adoption of advanced software architectures and digital transformation initiatives.

The BPM market continued to evolve through the integration of process mining, artificial intelligence (AI) and Generative AI capabilities. These technologies enabled organisations to automate workflow design using natural language interfaces. They also improved process orchestration and enhanced real-time visibility across business operations.

The global BPM market is projected at USD 25.88 billion in CY 2026. It is expected to expand at a CAGR of 17.2% during 2026-2034. Growth will be supported by increasing adoption of low-code and no-code AI platforms. These platforms enable business users to deploy and customise workflows with minimal technical expertise.

Additional growth drivers include cloud-first deployment strategies, intelligent automation and modernisation of legacy systems. Demand is expected to remain strong across financial services, healthcare, telecommunications and other technology-intensive industries.

**USD 91.87 billion**  
Projected Global BPM Market Size by CY 2034

## Indian BPM Industry<sup>7</sup>

India remained the fastest-growing BPM market in the Asia-Pacific region. Automation emerged as the largest revenue-generating segment. Growth was driven by rising enterprise demand to improve operational efficiency, enhance agility and standardise business processes across industries.

The Banking, Financial Services and Insurance (BFSI), IT, manufacturing, retail and healthcare sectors remained key demand drivers. Enterprises increasingly adopted low-code platforms and cloud-based workflow orchestration tools to modernise operations. These investments accelerated digital transformation and improved process efficiency.

The industry is expected to witness deeper integration of artificial intelligence, process modelling and intelligent automation across core business management systems. Automation is projected to remain the largest and fastest-growing segment throughout the forecast period, serving as the primary anchor for long-term market expansion. Key growth drivers fuelling this trajectory include enterprise digital modernisation programs, rapid cloud deployment

and the ongoing integration of automated content, document management and systems integration tools across both public and private sectors in India.

The Indian BPM industry is also expected to transition toward a platform-led, outcome-driven delivery model. Hyper-automation, generative AI and advanced analytics will reshape service delivery. Intelligent agentic systems are going to automate complex business processes with minimal manual intervention. As automation expands, the industry's focus is expected to shift from cost arbitrage to specialised process engineering, risk management and domain-driven decision support. Financial services, healthcare and supply chain management are expected to remain key adoption areas.

### Growth Drivers

#### Enterprise Digital Transformation

Organisations continue to modernise legacy systems to improve efficiency and business agility. This is increasing demand for enterprise software and services that support scalable and standardised operations.

#### Convergence of AI and Process Mining

The integration of AI with process mining enables organisations to identify operational inefficiencies and improve decision-making. This trend is increasing demand for intelligent workflow automation and process optimisation solutions.

#### Proliferation of Low-Code and No-Code Platforms

Organisations are expanding the use of low-code and no-code platforms to accelerate application development. These platforms reduce reliance on IT teams and enable business users to develop and optimise workflows.

#### Shift Toward Cloud-Native Architectures

Enterprises are adopting cloud-native and hybrid platforms to improve scalability, flexibility and deployment speed. This transition is increasing demand for cloud-based software and digital services.

#### Demand for Cost Optimisation and Regulatory Compliance

Organisations are investing in automation to reduce operating costs and strengthen regulatory compliance. These investments improve governance, mitigate operational risks and enhance process efficiency.

## Global Staffing Services Market<sup>8</sup>

The global staffing agency software market reached USD 634.0 million in CY 2025. Growth was driven by rising adoption among recruitment agencies seeking to automate hiring workflows and improve candidate management. North America accounted for 43.10% of the market, supported by early technology adoption and a high concentration of large recruitment enterprises.

Large organisations represented the largest customer segment. They adopted integrated applicant tracking systems and candidate management platforms to support high-volume recruitment. The market also witnessed stronger adoption of cloud-based deployment models. Vendors expanded their ecosystems through strategic partnerships and venture investments. These initiatives strengthened AI-powered candidate matching and workforce analytics capabilities.

Cloud deployment is expected to account for 68.8% of the market in CY 2026. Small and medium-sized enterprises (SMEs) are projected to be the fastest-growing customer segment. Their adoption is supported by lower implementation costs and flexible subscription models.

The market will continue to evolve through greater adoption of automated candidate screening, virtual onboarding and real-time workforce analytics. Demand is expected to remain strong across IT and telecommunications, healthcare and Banking, Financial Services and Insurance (BFSI). Growth will also be supported by digitalisation across emerging economies and increasing adoption of cloud-native recruitment platforms.

## Indian Staffing Services Market<sup>9</sup>

The Indian staffing market continued to expand, driven by enterprise demand across IT and ITeS, BFSI, healthcare, retail and hospitality sectors. Organisations increasingly outsourced talent acquisition and administrative

functions, including payroll processing, recruitment process outsourcing (RPO), benefits administration and multi-process HR management.

This shift reflects the need to improve recruitment efficiency, optimise workforce management across multiple locations and comply with evolving labour regulations. Organisations also sought greater operational flexibility while managing fixed costs.

Artificial intelligence is increasingly transforming recruitment, payroll administration and workforce analytics. These technologies are improving hiring decisions and employee retention. The RPO market is projected to reach USD 420 million by CY 2027. Rising demand for contract staffing is also encouraging organisations to partner with specialist HR service providers. These partnerships help address skill shortages, strengthen skills-based hiring and support hybrid workforce models.

### Growth Drivers

#### Digital Transformation and Technological Advancement in Recruitment

Organisations are digitising recruitment through automation, applicant tracking systems and AI-powered sourcing tools. These technologies improve hiring efficiency and increase demand for scalable HR technology platforms.

#### Ascent of the Gig Economy and Flexible Work Models

Businesses are increasingly adopting flexible workforce models to address changing operational requirements and optimise labour costs. This trend is increasing demand for staffing providers specialising in contract, temporary and project-based talent.

#### Escalating Demand for Specialised Skills Amid Talent Scarcity

Persistent shortages of skilled professionals are increasing reliance on specialist staffing firms. Recruiters with expertise in sourcing niche and high-demand talent remain well positioned for growth.

#### Proliferation of Artificial Intelligence and Automation in Talent Acquisition

AI-powered recruitment solutions automate candidate screening, improve matching accuracy and accelerate hiring decisions. Rising adoption is increasing demand for intelligent talent acquisition platforms.

## Ascendancy of Remote and Hybrid Work Environments

The continued shift toward remote and hybrid work enables organisations to access wider talent pools. This trend is supporting demand for recruitment firms and workforce solutions providers managing distributed workforces.

## Company Overview

Incorporated in 2008 and headquartered in Pune, Maharashtra, Vinsys IT Services India Limited is part of the Vinsys Group. The Company provides IT business solutions, corporate learning and talent management services. It serves clients across India, the Middle East and North America.

The Company offers professional training, certification programmes, digital learning tools, project management and specialised technology instruction. Vinsys delivers learning solutions, including live virtual classrooms, in-house courses, self-paced modules and digital learning platforms. These platforms offer interactive content, gamification, multilingual capabilities and integrated learning management systems.

The Company also provides language services including document translation, interpretation, transcription and subtitling in over 200 languages. These services support the communication requirements of global enterprises.

In addition, the Company offers technology consulting, custom software development and IT services to support digital transformation and operational efficiency. Its talent management portfolio includes workforce planning, recruitment, human resource management, payroll administration and compliance services. These offerings help organisations strengthen workforce management and execute flexible staffing strategies.

The Company maintains a strong focus on service quality and provides round-the-clock support across its service portfolio.

Expanding these offerings can improve learner engagement, increase course adoption and generate recurring business from enterprise clients.                                                                                                                   |
|  <b>Global Expansion</b>                   | Expanding operations through localised training programmes and strategic partnerships in high-growth international markets is expected to strengthen market presence, enhance customer engagement and support sustainable business growth. This supports long-term revenue growth while reducing dependence on any single geography.                                                                          |
|  <b>Digital Modernisation</b>              | Continued investment in digital learning infrastructure, including advanced Learning Management Systems (LMS), immersive technologies such as VR/AR and data-driven quality management practices, is enhancing learner experience, operational efficiency and service delivery. These capabilities improve operational efficiency, differentiate the Company's offerings and support higher client retention. |
|  <b>Established Industry Reputation</b>    | Maintaining high standards of quality, reliability and innovation in digital learning solutions reinforces stakeholder confidence, strengthens long-term client relationships and supports the organisation's strategic transformation objectives. This trusted market position strengthens customer loyalty, supports premium offerings and creates a solid foundation for sustained business growth.        |
|  <b>Market Influence</b>                   | Delivering innovative and high-impact learning solutions enhances the organisation's competitive positioning, strengthens brand reputation across global markets and contributes to long-term value creation and sustainable growth.                                                                                                                                                                          |

## Threats

| Strategic Risk Areas                                                                                                                          | Analysis and Insights                                                                                                                                                                                                                       |
|-----------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|  <b>Increasing Competition from EdTech Providers</b>         | Intensifying competition from agile and cost-efficient digital learning providers may impact market share, learner acquisition and overall business growth, necessitating continued differentiation through value-added offerings.          |
|  <b>Competitive Pressure from Established Global Players</b> | The presence of well-established international e-learning organisations continues to create a highly competitive landscape, potentially affecting customer acquisition, market penetration and revenue expansion opportunities.             |
|  <b>Rapid Technological and Skill Evolution</b>              | Accelerating advancements in technology, including artificial intelligence (AI) and emerging digital capabilities, require continuous curriculum enhancement and innovation to maintain industry relevance and competitive positioning.     |
|  <b>Economic and Regulatory Uncertainties</b>                | Fluctuations in economic conditions and evolving regulatory frameworks may influence corporate training investments, certification demand and overall market growth, requiring proactive risk management and business adaptability.         |
|  <b>Data Security and Compliance Risks</b>                   | Protecting learner data and maintaining stakeholder confidence necessitate ongoing investment in robust cybersecurity measures, regulatory compliance and effective quality assurance practices.                                            |
|  <b>Changing Learner Expectations</b>                        | The evolving preferences of a diverse and digitally proficient learner base require continuous refinement of learning methodologies, delivery models and customer engagement strategies to sustain satisfaction and market competitiveness. |

# Independent Auditor's Report to the Members

TO  
THE MEMBERS OF  
**VINSYS IT SERVICES INDIA LIMITED**

## OPINION

We have audited the accompanying Standalone Financial Statements of **VINSYS IT SERVICES INDIA LIMITED** ("the Company"), which comprise the Standalone Balance Sheet as at March 31, 2026, the Standalone Statement of Profit and Loss for the year ended on March 31, 2026, the Standalone Statement Cash Flow Statement for the year ended and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013, ("the Act") in the manner so required and give a true and fair view in conformity with the Accounting Standards prescribed under Section 133 of the Act and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2026, its Profit/(loss) and its cash flows for the year ended on that date.

## BASIS FOR OPINION

We conducted our audit of the Standalone Financial Statements in accordance with the standards on Auditing specified under Section 143 (10) of the Act (SAs). Our

responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the Financial Statements under the provision of the Act, and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Financial Statements.

## KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Financial Statements of the current period. These matters were addressed in the context of our audit of the Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matters described below to be the key audit matters to be communicated in our Report.

| S.No. | Key Audit Matter                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |

## S.No. Key Audit Matter

### Auditor Response to key Audit Matter:

Principal Audit Procedures:

We have performed the following procedures in relation to the recoverability of trade receivables:

- Tested the accuracy of aging of trade receivables at year end on a sample basis;
- Obtained a list of outstanding receivables and assessed the recoverability of the unsettled receivables on a sample basis through our evaluation of management's assessment with reference to the credit profile of the customers, historical payment pattern of customers, publicly available information and latest correspondence with customers.
- Tested subsequent settlement of trade receivables after the Balance Sheet date on sample basis.

### Conclusion:

We found the key judgement and assumptions used by management in the recoverability assessment of trade receivables to be supportable based on the available evidence.

## INFORMATION OTHER THAN THE STANDALONE FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON.

The Company's Board is responsible for the preparation of the other information. The other information comprises the information included Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report but does not include the, Financial Statements and our Auditor's Report thereon.

Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## MANAGEMENT'S RESPONSIBILITY FOR THE STANDALONE FINANCIAL STATEMENTS

The Company's Board of Directors is responsible for the matters stated in Section 134 (5) of the Companies Act, 2013, ("the Act"), with respect to the preparation of these Standalone Financial Statements to give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with accounting standard and accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and

other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

## AUDITOR'S RESPONSIBILITY FOR THE AUDIT OF STANDALONE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditor's Report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decision of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- identify and assess the risks of material misstatements of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143 (3) (i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our Auditor's Report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our Auditor's Report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Standalone Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Standalone Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Standalone Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our Auditor's Report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

## REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by Section 143 (3) of the Act, based on our audit we report that:
  - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
  - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
  - c) The Balance Sheet, the Statement of Profit and Loss and Cash Flow Statement dealt with by this Report are in agreement with the books of account;
  - d) In our opinion, the aforesaid Financial Statements comply with the accounting standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014;
  - e) On the basis of the written representations received from the Directors as on March 31, 2026, taken on record by the Board of Directors, none of the Directors is disqualified as on March 31, 2026, from being appointed as a Director in terms of Section 164 (2) of the Act;
  - f) With respect to the adequacy of internal financial control over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in **Annexure "A"**. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.

- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of Section 197 (16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its Directors during the year is in accordance with the provisions of Section 197 of the Act.

- h) With respect to other matters to be included in the Auditor's Report in accordance with Rule 11 of the companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanation given to us:

(i) The Company has disclosed the impact of pending litigations on its financial position in its Financial Statements.

(ii) The Company has made provision, as at March 31, 2026, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.

(iii) The Company is not liable to transfer any amounts, to the Investor Education and Protection Fund during the year ended March 31, 2026.

(iv) a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the

aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(v) The Company has not declared any dividend during the Financial Year 2025-26.

(vi) Based on our examination, which included test checks, the Company has used accounting software for maintaining its books of account for the Financial Year ended March 31, 2026, which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with.

Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with and the audit trail has been preserved by the Company as per the statutory requirements for record retention.

2. As required by the Companies (Auditor's Report) Order, 2020, (the "Order") issued by the Central Government in terms of Section 143 (11) of the Act, we give in "**Annexure B**" a statement on the matters specified in paragraphs 3 and 4 of the Order.

# Annexure “A” to the Auditor’s Report

## Report on the Internal Financial Control under Clause (i) of Sub-Section 3 of Section 143 of the Companies Act, 2013, (‘The Act’)

We have audited the internal financial control over financial reporting of Vinsys IT Services India Limited (‘the company’) as of March 31, 2026, in conjunction with our audit of the Standalone Financial Statement of the Company for the year ended on that date.

## Management Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Control over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

## Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by ICAI and the standards on auditing prescribed under

Section 143 (10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

## Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Financial Statements for external purposes in accordance with generally accepted accounting principles. A Company’s internal financial control over financial reporting includes those policies and

procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and Directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the Financial Statements.

### **Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Opinion**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2026, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Control Over Financial Reporting issued by the Institute of Chartered Accountants of India.

# Annexure “B” to the Auditor’s Report

**Referred to in Paragraph 2 Under “Report on Other Legal and Regulatory Requirements” of Our Report to the member of Vinsys IT Services India Limited of Even Date**

To the best of our information and according to the explanations provided to us by the Company and the books of account and records examined by us in the normal course of audit, we state that:

- 1) In respect of the Company's Property, Plant and Equipment and Intangible Assets:
  - a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets;
  - (B) The Company has maintained proper records showing full particulars of intangible assets.
  - (b) The Company has a program of physical verification of Property, Plant and Equipment so to cover all the assets once every three years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, certain Property, Plant and Equipment were due for verification during the year and were physically verified by the Management during the year. According to the information and explanations given to us, no material discrepancies were noticed on such verification.
  - (c) The title deeds of immovable properties are held in the name of the Company.
  - (d) The Company has not revalued its Property, Plant and Equipment (including Right of use assets) or intangible assets during the year.
  - (e) No proceeding have been initiated or are pending against the Company as at March 31, 2026, for holding any benami property under the Benami Transactions (Prohibition) Act, 1988, (45 of 1988) and Rules made thereunder.
- 2)
  - (a) The Company does not have any inventory and hence reporting under Clause 3 (ii) (a) of the Order is not applicable.
  - (b) The Company has not been sanctioned working capital limits in excess of Rs. 5 crore, in aggregate, at any points of time during the year, from banks or financial institutions on the basis of security of current assets and hence reporting under Clause 3 (ii) (b) of the Order is not applicable.
- 3) In our opinion the investments made by the Company are prima facie, not prejudicial to the interest of the company. Further the Company has not, provided any guarantee or security, granted any loans or advances in the nature of loans, secured or unsecured to companies, firms, LLP or other parties covered in register maintained under Section 189 of the Companies Act, 2013. Hence the question of reporting such loans are not prejudicial to the Company's interest or whether the receipt of the principal amount and interest are regular and whether reasonable steps for recovery of overdues of such loan are taken, does not arise.
- 4) In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Section 185 and 186 of the Companies Act, 2013, in respect of loans, investments, guarantees, and security.
- 5) The Company has not accepted any deposit or amounts which are deemed to be deposits. Hence, reporting under Clause 3 (v) of the Order is not applicable.
- 6) As informed to us, the maintenance of Cost Records has not been specified by the Central Government under Sub-Section (1) of Section 148 of the Companies Act, 2013, for the business activities carried out by the Company. Hence, reporting under Clause (vi) of the Order is not applicable to the Company.
- 7)
  - (a) According to information and explanations given to us and on the basis of our examination of the books of account, and records, the Company has been regular in depositing undisputed statutory dues including Provident Fund, Employees State Insurance, Income-Tax, Goods and Service Tax, Duty of Customs, Cess and any other statutory dues with the appropriate authorities and no statutory dues were outstanding as at March 31, 2026, for a period of more than six months from the date they became payable except as followings:
  - (b) According to the information and explanation given to us, there are no dues of Income Tax, Goods and Service Tax and Duty of Customs outstanding on account of any dispute.
- 8) There were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961.
- 9)
  - a) The Company has not defaulted in repayment of any loans or other borrowings from any lender.

- b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.
  - c) The term loans were applied for the purpose for which the loans were availed.
  - d) On an overall examination of the Financial Statements of the Company, funds raised on short-term basis have, prima facie, not been used during the year for long-term purposes by the Company.
  - e) On an overall examination of the Financial Statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries.
  - f) The Company has not raised any loans by pledging securities held in their subsidiaries during the year and hence reporting on Clause 3 (ix) (f) of the Order is not applicable.
- 10) a) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year so that reporting under this clause is not applicable.
- b) During the year, the Company has not made preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally). So that reporting under this clause is not applicable.
- 11) a) No fraud by the Company and no material fraud on the Company has been noticed or reported during the year.
- b) No report under Sub Section (12) of Section 143 of the Companies Act, 2013, has been filed in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014, with the Central Government during the year and upto the date of this Report.
- c) We have taken into consideration the whistle blower complaints received by the Company during the year (and upto the date of this Report), while determining the nature, timing and extent of our audit procedures.
- 12) The Company is not a Nidhi Company. Therefore, the provisions of Clause 3 (xii) of the Order are not applicable to the Company.
- 13) In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, 2013, with respect to the applicable transactions with the related parties and the details of related party transactions have been disclosed in the Financial Statements as required by the applicable accounting standards.
- 14) a) In our opinion, the Company has an internal audit system commensurate with the size and nature of its business.
- b) We have considered, the internal audit reports for the year under audit, issued to the Company during the year and till date, in determining the nature, timing and extent of our audit procedures.
- 15) In our opinion, during the year the Company has not entered into any non-cash transactions with its Directors or persons connected with its directors. and hence provisions of Section 192 of the Companies Act, 2013, are not applicable to the Company.
- 16) (a) In our opinion, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under Clause 3 (xvi) (a), (b) and (c) of the Order is not applicable.
- (b) In our opinion, there is no core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under Clause 3 (xvi) (d) of the Order is not applicable.
- 17) The company has not incurred cash losses in the financial year and in the immediately preceding financial year.
- 18) During the year under review, there has been no resignation of statutory auditors during the year.
- 19) On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the Financial Statements and our knowledge of the Board of Directors and management plans and based on our examination of the evidence

supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of Balance Sheet as and when they fall due within a period of one year from the Balance Sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the Balance Sheet date, will get discharged by the Company as and when they fall due.

- 20) There are no unspent amounts towards Corporate Social Responsibility (CSR) requiring a transfer to a Fund specified in Schedule VII to the Companies Act in compliance with second proviso to Sub-Section (5) of Section 135 of the said Act. Accordingly, reporting under Clause 3 (xx) (a) of the Order is not applicable for the year.

- 21) The reporting under Clause 3(xxi) of the Order is not applicable in respect of audit of Standalone Financial Statements. Accordingly, no comment in respect of the said clause has been included in this Report.

## STANDALONE SUMMARY SIGNIFICANT ACCOUNTING POLICIES AND NOTES TO ACCOUNTS

### A. COMPANY INFORMATION

The Company was originally incorporated as "Vinsys IT Services India Private Limited" as a private limited company under the provisions of the Companies Act, 1956, vide Certificate of Incorporation dated January 11, 2008, issued by the Registrar of Companies, Maharashtra, Pune. Subsequently, pursuant to a special resolution passed by our Shareholders in the Extra-Ordinary General Meeting held on May 10, 2023, our Company was converted from a private limited company to public limited company and consequently, the name of our Company was changed to "Vinsys IT Services India Limited" and a fresh certificate of incorporation dated May 12, 2023, was issued to Company by the Registrar of Companies, Pune. The Corporate Identification Number of our Company is L72200PN2008PLC131274.

### SIGNIFICANT ACCOUNTING POLICIES

#### 1. Accounting Convention

The Standalone Financial Statements are prepared under the historical cost convention on the "Accrual Concept" and Going Concern assumption of accountancy in accordance with the accounting principles generally accepted in India and comply with the accounting standards as prescribed by the Companies (Accounting Standard) Rules, 2006 and with the relevant provisions of the Companies Act, 2013 and Rules made there under.

#### 2. Use of Estimates

The preparation of Financial Statements in conformity with Indian GAAP requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods

#### 3. Property, Plant and Equipment

Property, Plant and Equipment are stated at cost less accumulated depreciation. Cost comprises all expenses incurred to bring the assets to its present

location and condition. Borrowing cost directly attributable to the acquisition /construction are included in the cost of fixed assets. Adjustments arising from exchange rate variations attributable to the fixed assets are capitalized.

In case of new projects / expansion of existing projects, expenditure incurred during construction / preoperative period including interest and finance charge on specific / general purpose loans, prior to commencement of commercial production are capitalized. The same are allocated to the respective t on completion of construction /erection of the capital project / fixed assets.

Subsequent expenditures related to an item of tangible asset are added to its book value only if they increase the future economic benefits from the existing asset beyond its previously assessed standard of performance.

Capital assets (including expenditure incurred during the construction period) under erection / installation are stated in the Balance Sheet as "Capital Work in Progress."

#### 4. Impairment of Assets

At each Balance Sheet Date, the Company reviews the carrying amount of its fixed assets to determine whether there is any indication that those assets suffered an impairment loss. If any such indication exists, the recoverable amount of the assets is estimated in order to determine the extent of impairment loss. Recoverable amount is the higher of an asset's net selling price and value in use. In assessing value in use, the estimated future cash flows expected from the continuing use of the assets and from its disposal are discounted to their present value using a pre-tax discount rate that reflects the current market assessments of time value of money and the risks specific to the assets.

#### 5. Depreciation

All fixed assets, except capital work in progress, are depreciated on WDV Method. Depreciation is provided based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013. All Fixed Assets individually costing Rs. 5,000 or less are fully depreciated in the year of installation/ purchase. Depreciation on additions to / deletions from fixed assets made during the period is provided on pro-rata basis from / up to the date of such addition /deletion as the case may be.

## 6. Investments

Investments are classified into current investments and non-current investments. Current investments, i.e., investments that are readily realizable and intended to be held for not more than a year valued at cost. Any permanent reduction in the carrying amount or any reversals of such, reductions are charged or credited to the Statement of Profit and Loss Account.

Non-current investments are stated at cost. Provision for diminution in the value of these investments is made only if such decline is other than temporary, in the opinion of the management.

## 7. Inventories

The Company is in the business of providing services so that it does not hold any inventories.

## 8. Revenue Recognition

Revenue from the operations is recognized on generally accepted accounting principles and when it is earned and no significant uncertainty exists as to its ultimate collection and includes taxes, wherever applicable.

The capital gain on sale of investments, if any, are recognized on completion of transaction. No notional profit / loss are recognized on such investments.

Revenue from sale of product is recognized, net of trade discounts. Sales exclude indirect taxes.

Interest income is recognized on time proportion basis, when it is accrued and due for payment.

## 9. Borrowing Cost

Borrowing cost that are attributable to the acquisition, construction or production of qualifying assets are capitalized as part of the cost of such assets. A qualifying asset is one that necessarily takes a substantial period of time to get ready for its intended use. All other borrowing costs are charged to revenue.

## 10. Employee Benefits

### Employee Benefits:

Employee benefits include provident fund and gratuity.

### Defined contribution plan:

The Company's contributions to provident fund are considered as defined contribution plan and are charged as an expense as they fall due based on the amount of contribution required to be made when the services are rendered by the employees.

### Defined Benefits Plan:

For defined benefit plans in the form of gratuity, the cost of providing benefits is determined using the Projected Unit Credit method, with actuarial valuations being carried out at each Balance Sheet Date. Actuarial gains and losses are recognised in the Profit and Loss Account in the period in which they occur. Past service cost is recognised immediately to the extent that the benefits are already vested while otherwise, it is amortised on a straight-line basis over the average period until the benefits become vested. The retirement benefit obligation recognised in the Balance Sheet represents the present value of the defined benefit obligation as adjusted for unrecognised past service cost, as reduced by the fair value of plan assets.

### Short term Employee benefits:

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service. These benefits include performance incentive and compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related service. The cost of such compensated absences is accounted as under:

in case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences; and in case of non-accumulating compensated absences, when the absences occur.

### Share based payment:

The Employee Stock Option Plan (ESOPs) of the Company are in accordance with the Companies Act, 2013. The Plan provide for grant of options on equity shares to employees of the Company to acquire the equity shares of the Company that vest in a cliff vesting or in a graded manner and that are to be exercised within a specified period.

# Notes to Standalone Financial Statements

for the period ended March 31, 2026

In accordance with the Guidance Note on Accounting for Employee Share-based Payments, issued by The Institute of Chartered Accountants of India, the cost of equity-settled transactions is measured using the Fair value method. The Fair value of ESOP is amortised on a straight-line basis over the vesting period of the option as employee compensation cost. The cumulative expense recognized for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the number of equity instruments that are outstanding and expected to vest.

The options that do not vest because of failure to satisfy vesting condition are reversed by a credit to employee compensation expense, equal to the amortised portion of value of lapsed portion. In respect of the options which expire unexercised the balance standing to the credit of Employee's Stock Option (Grant) Outstanding accounts is transferred to Profit and Loss Account.

## 11. Earnings Per Share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue, share split and reverse share split (consolidation of shares) that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

## 12. Taxes on Income

Income tax expenses for the year comprise current tax and deferred tax. Current tax provision is determined on the basis of taxable income computed as per the provisions of the Income Tax Act. Deferred tax is recognized for all timing differences that are capable of reversal in one or more subsequent periods subject to conditions of prudence and by applying tax rates that have been substantively enacted by the Balance Sheet date.

## 13. Foreign Currency Translation

- Transaction denominated in foreign currencies are recorded at the exchange rate prevailing at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies at the year end are restated at closing rate.
- Any exchange difference on account of settlement of foreign currency transaction and restatement of monetary assets and liabilities denominated in foreign currency is recognized in the Statement of Profit and loss Account.

## 14. Provision, Contingent Liabilities and Contingent Assets

Provisions are recognized only when there is a present obligation as a result of past events and when a reliable estimate of the amount of the obligation can be made.

Contingent Liabilities is disclosed in Notes to the account for:-

- Possible obligations which will be confirmed only by future events not wholly within the control of the Company or
- Present Obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

Contingent assets are not recognized in the Financial Statement since this may result in the recognition of the income that may never be realized.

General:

Except wherever stated, accounting policies are consistent with the generally accepted accounting principles and have been consistently applied.

## B. NOTES ON ACCOUNTS

## BASIS FOR OPINION

We conducted our audit of the Consolidated Financial Statements in accordance with the standards on Auditing specified under Section 143 (10) of the Act (SAs). Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the Financial Statements section of our Report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the Financial Statements under the provision of the Act, and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Financial Statements.

## KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Financial Statements of the current period. These matters were addressed in the context of our audit of the Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matters described below to be the key audit matters to be communicated in our report.

## INFORMATION OTHER THAN THE CONSOLIDATED FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

The Company's Board is responsible for the preparation of the other information. The other information comprises the information included Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report but does not include the Financial Statements and our Auditor's Report thereon.

Our opinion on the Consolidated Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## MANAGEMENT'S RESPONSIBILITY FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Consolidated Financial Statements to give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with accounting standard and accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Consolidated Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as

applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

## AUDITOR'S RESPONSIBILITY FOR THE AUDIT OF CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decision of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- identify and assess the risks of material misstatements of the Consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143 (3) (i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our Auditor's Report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our

conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Consolidated Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Consolidated Financial Statements that, individually or in aggregate, make it probable that the economic decisions of a reasonably knowledgeable user of the Consolidated Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

## REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by Section 143 (3) of the Act, based on our audit we report that:
  - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
  - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;

- c) The Balance Sheet, the Statement of Profit and Loss and Cash Flow Statement dealt with by this Report are in agreement with the books of account;
- d) In our opinion, the aforesaid Financial Statements comply with the accounting standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014;
- e) On the basis of the written representations received from the directors as on March 31, 2026, taken on record by the Board of Directors, none of the Directors is disqualified as on March 31, 2026, from being appointed as a Director in terms of Section 164 (2) of the Act;
- f) With respect to the adequacy of internal financial control over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in **Annexure "A"**. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the company's internal financial controls over financial reporting.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of Section 197 (16) of the Act, as amended:  
  
In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
- h) With respect to other matters to be included in the Auditor's Report in accordance with Rule 11 of the companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanation given to us:
  - (i) The Company has disclosed the impact of pending litigations on its financial position in its Financial Statements.

- (ii) The Company has made provision, as at March 31, 2026, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.
- (iii) The Company is not liable to transfer any amounts, to the Investor Education and Protection Fund during the year ended March 31, 2026.
- (iv) a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- (b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities

identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

- (v) Based on our examination, which included test checks, the Company has used accounting software for maintaining its books of account for the financial year ended March 31, 2026, which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit, we did not come across any instance of the audit trail feature being tampered with.

Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with and the audit trail has been preserved by the Company as per the statutory requirements for record retention.

- (vi) The Company has not paid any dividend during the year 2025-26.

## Annexure “A” to the Auditor’s Report

### **Report on the Internal Financial Control under Clause (i) of Sub-Section 3 of Section 143 of the Companies Act, 2013, (‘The Act’)**

We have audited the internal financial control over financial reporting of Vinsys IT Services India Limited (‘the Company’) as of March 31, 2026, in conjunction with our audit of the Financial Statement of the Company for the year ended on that date.

### **Management Responsibility for Internal Financial Controls**

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Control over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

### **Auditors’ Responsibility**

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by ICAI and the standards on auditing prescribed under Section 143 (10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply

with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

### **Meaning of Internal Financial Controls over Financial Reporting**

A Company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Financial Statements for external purposes in accordance with generally accepted accounting principles. A Company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Financial Statements in accordance with generally accepted

accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and Directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Financial Statements.

### Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls

over financial reporting were operating effectively as at March 31, 2026, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Control Over Financial Reporting issued by the Institute of Chartered Accountants of India.

### SIGNIFICANT ACCOUNTING POLICIES

#### 1. Accounting Convention

The Consolidated Financial statements are prepared under the historical cost convention on the "Accrual Concept" and Going Concern assumption of accountancy in accordance with the accounting principles generally accepted in India and comply with the accounting standards as prescribed by Companies (Accounting Standard) Rules, 2006 and with the relevant provisions of the Companies Act, 2013 and Rules made there under.

#### 2. Use of Estimates

The preparation of Financial Statements in conformity with Indian GAAP requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods

#### 3. Basis of Consolidation

The assets, liabilities, costs and revenues of the individual consolidated companies are fully consolidated on a line-by-line basis, regardless of the percentage owned, while the carrying value of consolidated investments held by the Holding Company and other consolidated companies is eliminated against the related share of equity.

# Notes to Consolidated Financial Statements

for the period ended March 31, 2026

All intercompany balances and transactions, including unrealised profits deriving from transactions between consolidated companies, are eliminated. Unrealised losses are eliminated, unless it is likely that they will be recovered in the future.

## 4. Property, Plant and Equipment

Property, Plant and Equipment are stated at cost less accumulated depreciation. Cost comprises of all expenses incurred to bring the assets to its present location and condition. Borrowing cost directly attributable to the acquisition /construction are included in the cost of fixed assets. Adjustments arising from exchange rate variations attributable to the fixed assets are capitalized.

In case of new projects / expansion of existing projects, expenditure incurred during construction / preoperative period including interest and finance charge on specific / general purpose loans, prior to commencement of commercial production are capitalized. The same are allocated to the respective on completion of construction /erection of the capital project / fixed assets.

Subsequent expenditures related to an item of tangible asset are added to its book value only if they increase the future economic benefits from the existing asset beyond its previously assessed standard of performance.

Capital assets (including expenditure incurred during the construction period) under erection / installation are stated in the Balance Sheet as "Capital Work in Progress."

## 5. Impairment of Assets

At each Balance Sheet date, the Company reviews the carrying amount of its fixed assets to determine whether there is any indication that those assets suffered an impairment loss. If any such indication exists, the recoverable amount of the assets is estimated in order to determine the extent of impairment loss. Recoverable amount is the higher of an asset's net selling price and value in use. In assessing value in use, the estimated future cash flows expected from the continuing use of the assets and from its disposal are discounted to their present value using a pre-tax discount rate that reflects the current market assessments of time value of money and the risks specific to the assets.

## 6. Depreciation

All fixed assets, except capital work in progress, are depreciated on WDV Method. Depreciation

is provided based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013. All Fixed Assets individually costing Rs. 5,000 or less are fully depreciated in the year of installation/ purchase. Depreciation on additions to / deletions from fixed assets made during the period is provided on pro-rata basis from / up to the date of such addition /deletion as the case may be.

| Asset Name                     | Useful Lives (Years) |
|--------------------------------|----------------------|
| Computer and Allied Equipments | 3                    |
| Office Equipments              | 5                    |
| Vehicles                       | 8                    |
| Furniture and Fixtures         | 10                   |
| Appurtenant to Building        | 30                   |
| Data Power                     | 3                    |
| Softwares                      | 10                   |

## 7. Investments

Investments are classified into current investments and non-current investments. Current investments, i.e., investments that are readily realizable and intended to be held for not more than a year valued at cost. Any permanent reduction in the carrying amount or any reversals of such, reductions are charged or credited to the Statement of Profit and Loss Account.

Non-current investments are stated at cost. Provision for diminution in the value of these investments is made only if such decline is other than temporary, in the opinion of the management.

## 8. Inventories

The Company is in the business of providing services so that it does not hold any inventories.

## 9. Revenue Recognition

Revenue from the operations is recognized on generally accepted accounting principal and when it is earned and no significant uncertainty exists as to its ultimate collection and includes taxes, wherever applicable.

The capital gain on sale of investments if any are recognized on completion of transaction. No notional profit / loss are recognized on such investments.

Revenue from sale of product is recognized, net of trade discounts. Sales exclude indirect taxes.

Interest income is recognized on time proportion basis, when it is accrued and due for payment.

# Notes to Consolidated Financial Statements

for the period ended March 31, 2026

## 10. Borrowing Cost

Borrowing cost that are attributable to the acquisition, construction or production of qualifying assets are capitalized as part of the cost of such assets. A qualifying asset is one that necessarily takes a substantial period of time to get ready for its intended use. All other borrowing costs are charged to revenue.

## 11. Employee Benefits

### Employee Benefits:

Employee benefits include provident fund and gratuity.

### Defined contribution plan:

The Company's contributions to provident fund are considered as defined contribution plan and are charged as an expense as they fall due based on the amount of contribution required to be made when the services are rendered by the employees.

### Defined Benefits Plan:

For defined benefit plans in the form of gratuity, the cost of providing benefits is determined using the Projected Unit Credit method, with actuarial valuations being carried out at each Balance Sheet date. Actuarial gains and losses are recognised in the Profit and Loss Account in the period in which they occur. Past service cost is recognised immediately to the extent that the benefits are already vested while otherwise, it is amortised on a straight-line basis over the average period until the benefits become vested. The retirement benefit obligation recognised in the Balance Sheet represents the present value of the defined benefit obligation as adjusted for unrecognised past service cost, as reduced by the fair value of plan assets.

### Short term Employee benefits:

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service. These benefits include performance incentive and compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related service. The cost of such compensated absences is accounted as under:

in case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences; and

in case of non-accumulating compensated absences, when the absences occur.

### Share based payment:

The Employee Stock Option Plan (ESOPs) of the Company are in accordance with the Companies Act, 2013. The Plan provide for grant of options on equity shares to employees of the Company to acquire the equity shares of the Company that vest in a cliff vesting or in a graded manner and that are to be exercised within a specified period.

In accordance with the Guidance Note on Accounting for Employee Share Based Payments, issued by The Institute of Chartered Accountants of India, the cost of equity-settled transactions is measured using the Fair value method. The Fair value of ESOP is amortised on a straight-line basis over the vesting period of the option as employee compensation cost. The cumulative expense recognized for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the number of equity instruments that are outstanding and expected to vest.

The options that do not vest because of failure to satisfy vesting condition are reversed by a credit to employee compensation expense, equal to the amortised portion of value of lapsed portion. In respect of the options which expire unexercised the balance standing to the credit of Employee's Stock Option (Grant) Outstanding accounts is transferred to Profit and Loss Account.

## 12. Earnings Per Share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue, share split and reverse share split (consolidation of shares) that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

## 13. Taxes on Income

Income tax expenses for the year comprises of current tax and deferred tax. Current tax provision is

# Notes to Consolidated Financial Statements

for the period ended March 31, 2026

determined on the basis of taxable income computed as per the provisions of the Income Tax Act. Deferred tax is recognized for all timing differences that are capable of reversal in one or more subsequent periods subject to conditions of prudence and by applying tax rates that have been substantively enacted by the Balance Sheet date.

## 14. Foreign Currency Translation

- Transaction denominated in foreign currencies are recorded at the exchange rate prevailing at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies at the year end are restated at closing rate.
- Any exchange difference on account of settlement of foreign currency transaction and restatement of monetary assets and liabilities denominated in foreign currency is recognized in the Statement of Profit and Loss Account.

## 15. Provision, Contingent Liabilities and Contingent Assets

Provisions are recognized only when there is a present obligation as a result of past events and when a reliable estimate of the amount of the obligation can be made.

Contingent Liabilities is disclosed in Notes to the account for:-

- Possible obligations which will be confirmed only by future events not wholly within the control of the Company or
- Present Obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

Contingent assets are not recognized in the Financial Statement since this may result in the recognition of the income that may never be realized.

General:

Except wherever stated, accounting policies are consistent with the generally accepted accounting principles and have been consistently applied.

## C. NOTES ON ACCOUNTS

- The Consolidated Financial Statements including Consolidated Financial information have been prepared after making such regroupings and adjustments, considered appropriate to comply with the same. As result of these regroupings and adjustments, the amount reported in the Consolidated Financial Statements/information may not necessarily be same as those appearing in the respective audited Consolidated Financial Statements for the relevant years.

## NOTES

1. The Government of India, Ministry of Corporate Affairs has allowed conducting Annual General Meeting through Video Conferencing (VC) or Other Audio-Visual Means (OAVM) and dispensed with the personal presence of the members at the meeting. Accordingly, the Ministry of Corporate Affairs issued Circular No. 14/2020 dated April 08, 2020 and subsequent circulars issued in this regard and latest being 03/2025 dated September 22, 2025, ("MCA Circulars") and the Securities and Exchange Board of India (SEBI) (Listing Obligations and Disclosure Requirements) Regulations, 2015, read with SEBI Master Circular No. HO/49/14/14(7)2025-CFDPOD2/I/3762/2026 dated 30 January 2026, issued by SEBI, read with other applicable circulars and notifications issued by SEBI (including any statutory modification(s) or re-enactment thereof for the time being in force and as amended from time to time) (hereinafter referred to as 'SEBI Circulars'), prescribing the procedures and manner of conducting the Annual General Meeting through VC/OVAM. In terms of the said circulars, the 18th Annual General Meeting ("AGM") of the Members will be held through VC/OAVM. Hence, Members can attend and participate in the AGM through VC/ OAVM only. The detailed procedure for participation in the meeting through VC/OAVM is as per the note below and available at the Company's website [www.vinsys.com](http://www.vinsys.com).
2. Pursuant to the provisions of the Companies Act, 2013, (the Act), a Member entitled to attend and vote at the AGM is entitled to appoint a proxy to attend and vote on his / her behalf, and the proxy need not be a member of the Company. Since this AGM is being held through the VC/OAVM facility pursuant to the provisions of the MCA Circulars and the SEBI Circulars, physical attendance of Members has been dispensed with. Accordingly, the facility for appointment of proxies by the Members will not be available for the AGM.
3. Information regarding appointment/re-appointment of Director(s) and Explanatory Statement in respect of special businesses to be transacted pursuant to Section 102 of the Companies Act, 2013 and/or Regulation 36(3) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and Secretarial Standard-2, is annexed hereto.
4. In view of the 'Green Initiatives in Corporate Governance' introduced by MCA and in terms of the provisions of the Companies Act, 2013, members who are holding shares of the Company in physical mode, are required to register their email addresses, so as to enable the Company to send all notices/reports/ documents/intimations and other correspondences, etc., through emails in the electronic mode instead of receiving physical copies of the same. Members holding shares in dematerialized form, who have not registered their email addresses with Depository Participant(s), are requested to register/ update their email addresses with their Depository Participant(s).
5. The attendance of the Members attending the AGM through VC/OAVM will be counted for the purpose of reckoning the quorum under Section 103 of the Companies Act, 2013.
6. In accordance with the Secretarial Standard-2 on General Meetings issued by the Institute of Company Secretaries of India ("ICSI"), as revised with effect from April 01, 2024, read with Clarification/Guidance on applicability of Secretarial Standards 2 dated April 15, 2020 issued by the ICSI, the proceedings of the AGM shall be deemed to be conducted at the Registered Office of the Company which shall be the deemed venue of the AGM.
7. Pursuant to the MCA Circulars read with SEBI Circular dated 5th January, 2023 and SEBI Circular SEBI/HO/CFD/CFD-PoD-2/P/CIR/2023/167 dated October 7, 2023 ("SEBI Circular"), the facility to appoint proxy to attend and cast vote for the members is not available for this AGM. Hence, the Proxy Form and Attendance Slip including Route Map are not annexed to this Notice. However, the Body Corporates are entitled to appoint authorised representatives to attend the AGM through VC/OAVM and participate there at and cast their votes through e-voting. Institutional/Corporate Shareholders are required to send a scanned copy (PDF/JPG format) of its Board or governing body resolution/ authorization etc., authorising its representative to attend the AGM through VC/OAVM on its behalf and to vote through remote e-voting. The said resolution/ authorization shall be sent to the Company Secretary by email to [compliance@vinsys.com](mailto:compliance@vinsys.com) with a copy marked to [evoting@nsdl.com](mailto:evoting@nsdl.com) and scrutinizer at [cs@scsandcollp.com](mailto:cs@scsandcollp.com) at least 48 hours before the commencement of AGM.

# ANNEXURE TO THE NOTICE

*(Pursuant to Section 102 (1) of the Companies Act, 2013 and Secretarial Standard 2 on General Meetings)*

## Item No. 3

### **Approval of Material Related Party Transactions with a Related Party of the Company, Omnibridge Solutions Private Limited: Ordinary Resolution:**

Pursuant to Regulation 23 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended ("SEBI Listing Regulations"), prior approval of the Members of the Company by way of an Ordinary Resolution is required for entering into material related party transactions.

SEBI, vide Circular No. SEBI/HO/CFD/CFD-PoD-2/P/CIR/2025/93 dated June 26, 2025 ("Circular"), has mandated listed entities to follow the Industry Standards on "Minimum Information to be provided to the Audit Committee and Members for approval of Related Party Transactions" ("RPT Industry Standards"). The said Industry Standards prescribe the information required to be placed before the Audit Committee and the Members for approval of material Related Party Transactions.

Omnibridge Solutions Private Limited (Omnibridge) is a Subsidiary Company and a related party within the meaning of Regulation 2(1)(zb) of the SEBI Listing Regulations and Section 2(76) of the Companies Act, 2013.

The Company, in the ordinary course of its business, proposes to enter into and/or continue to enter into various transactions with Omnibridge, including the following operational engagements

- a) availing or rendering of services,
- b) loan and advances including Inter Corporate Deposits.

These transactions are proposed to be undertaken in the ordinary course of business and on an arm's length basis.

The Management has placed before the Audit Committee all the relevant details as required under the RPT Industry Standards. After considering the necessity, nature, terms and pricing methodology of the proposed transactions, the Audit Committee has granted its approval for entering into

the proposed Related Party Transactions with Omnibridge for an aggregate value not exceeding Rs. 45 Crores during the period commencing from the conclusion of the 18th Annual General Meeting until the conclusion of the 19th Annual General Meeting of the Company.

The proposed Related Party Transactions are necessary, normal and incidental to the business of the Company and are expected to facilitate efficient business operations, optimum utilisation of resources and operational synergies between the Company and its subsidiary. The proposed transactions are in the best interests of the Company and are not prejudicial to the interests of the public shareholders.

The Members' approval sought for the Material Related Party Transactions with Omnibridge shall remain valid from the conclusion of the 18th Annual General Meeting until the conclusion of the 19th Annual General Meeting of the Company.

The Members may note that, in terms of Regulation 23 of the SEBI Listing Regulations, all related parties (whether such related party is a party to the particular transaction or not) shall abstain from voting on the resolution approving the Material Related Party Transactions.

Based on the recommendation of the Audit Committee, the Board of Directors recommends the Ordinary Resolution set out at Item No. 3 of the accompanying Notice for approval of the Members.

The Members may note that in terms of the provisions of the SEBI Listing Regulations, the related parties as defined thereunder (whether such related party(ies) is a party to the aforesaid transactions or not), shall not vote to approve the Resolution under Item No. 3.

Except to the extent of their shareholding and/or directorship in the Company and/or, if any, none of the Directors or Key Managerial Personnel of the Company or their respective relatives is concerned or interested, financially or otherwise, in the Resolution set out at Item No. 3 of the accompanying Notice.

**Information required to be disclosed in the Explanatory Statement for Item No. 3 pursuant to SEBI Circular No. SEBI/ HO/CFD/CFD-PoD-2/P/CIR/2025/93 dated June 26, 2025, on RPT Industry Standards read with SEBI Master Circular No. HO/49/14/14(7)2025-CFD-POD2/1/3762/2026 dated January 30, 2026, are as follows:**
